

CALMLY MANAGE JOBS... BECAUSE LIFE CAN BE EASIER!

Manage your business better. Every job you undertake will have costs associated with it, and will be a profit or loss to your business. But do you know the details?

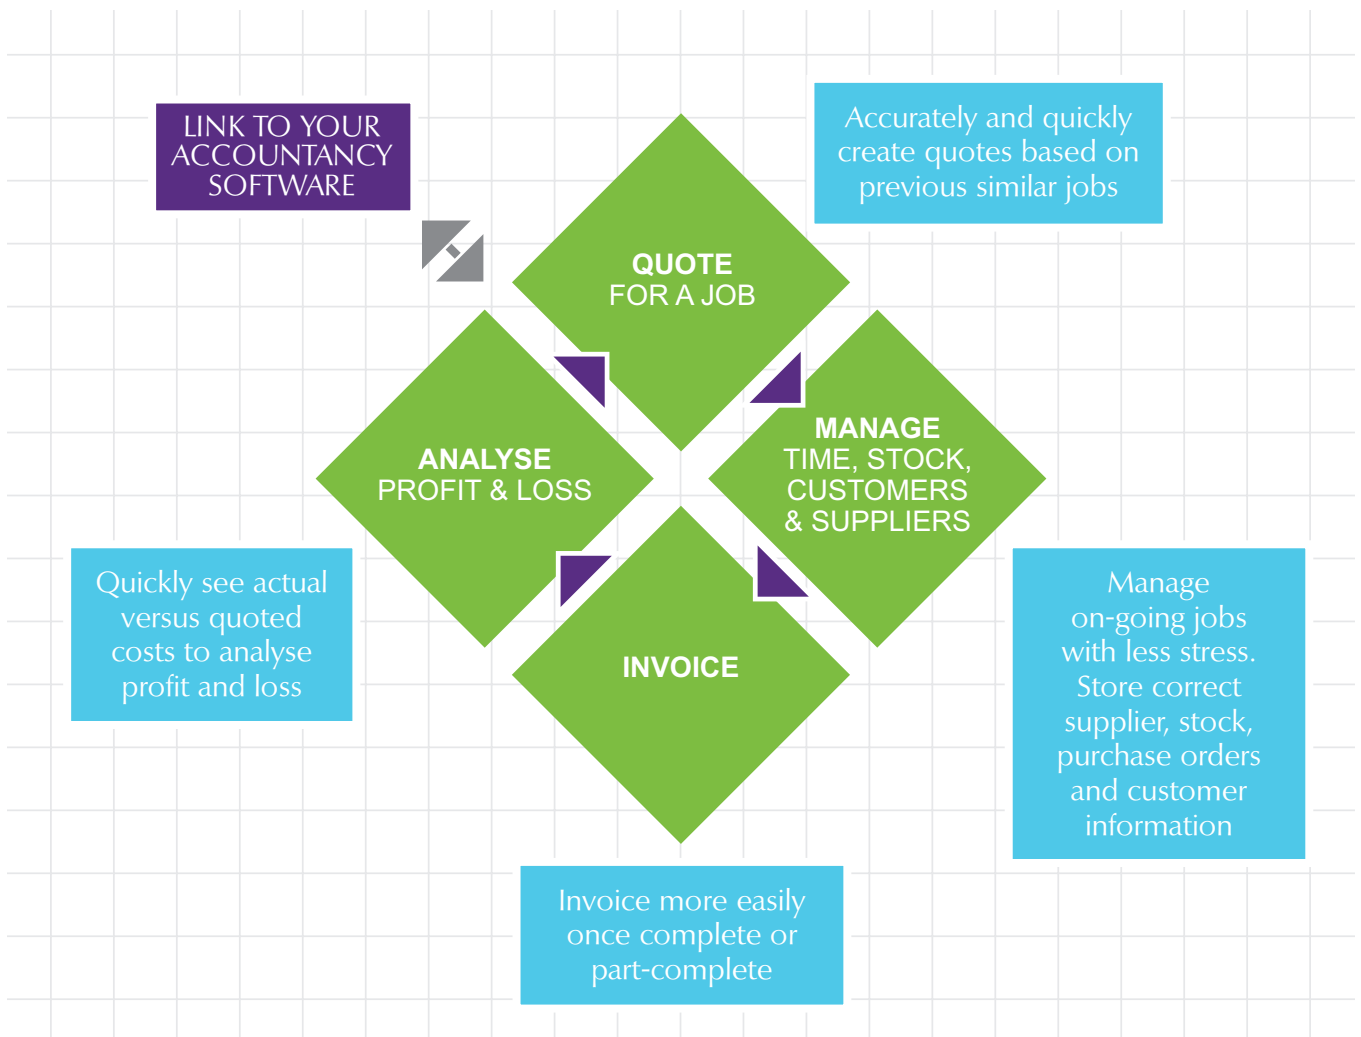

Does your current accounting or project management software allow you to instantly access the full details of each and every job?

From viewing timesheets, to checking the project is progressing against the original quote, to quickly being able to view profit and loss, during any stage of a project?

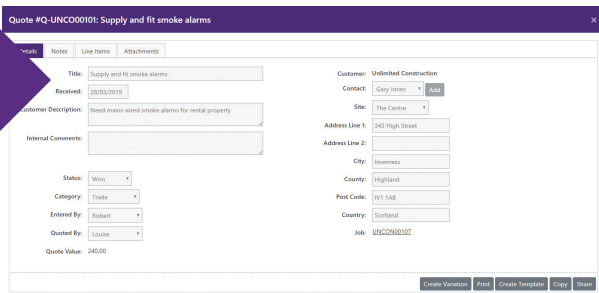

sfG Scope does.

sfG Scope allows you to easily access job information at any time, to help you calmly manage on-going jobs and quickly analyse profit and loss.

Our clients say the benefits of sfG Scope are:
Empowering • Easy-to-use • Insightful • Time saving • Helps to provide a better customer experience.
